

Dear Parents/Caregivers

The following word walls are a part of our reading and writing programme. The purpose is to:

- Learn to instantly recognise and read some high frequency words.
- To be able to write these high frequency words correctly.

This is a home and school activity so please could you work with your child daily to help them to:

- Read the words.
- Practice writing one word a night/week.

We will check these at school and when they can read and write all of the words they will be given another wall. Please ask if you have any queries.
