

▶ **Home learning expectations explained.**

One of the purposes of this book is to assist you to support your child's learning. It includes copies of correct letter formations, some home reading hints, a list of alphabet letters to practice, and will include words and other activities relevant to their current learning needs as appropriate.

Please do not expect your child to learn everything at once, it may take a while for knowledge to become established.

Each night your child will bring home some reading, on Fridays this will be their poem and song book. Please fill in the reading log with the name of the book when they have read it to you.

- Have fun sharing lots of stories together.
- Focus on a little at a time so that activities are always enjoyable.

Thank you for your support,

Jennifer Price
